

**Souderton Area High School**  
**Graduation Requirements**  
**Reading & Mathematics Proficiency**

Very similarly to the Graduation Project, in order to graduate, students must demonstrate their proficiency in reading, mathematics, and for the Class of 2017, in biology also. **Students' opportunity to demonstrate their proficiency will be on the Keystone Exams.** We hope and expect that the vast majority of our students will demonstrate their proficiency on the Keystones. Those students who do not demonstrate their proficiency on the Keystones will need to re-take the Exams until they demonstrate proficiency.

Graduation Requirements:

- Classes of 2014, 2015, and 2016
  - All students are required to earn a Proficient score on the Algebra I and Literature Keystone Exams.
- Class of 2017
  - All students are required to earn a Proficient score on the Algebra I, Literature, and Biology Keystone Exams.
- For Keystone review resources to help your student on the exam, please see <http://sahs.soudertonsd.org/academics/keystone-exam-resources.cfm>
