

## Directions for Senior Project Presentation Presenters

**Arrive 15 minutes early** for your presentation appointment.

**Bring** with you:

- ✓ One hard copy of each of your five (5) Exemplar Reflections.
  - Bringing the Exemplars is optional. You are encouraged to include the Exemplars in your visual presentation (e.g., Power Point).
- ✓ One hard copy of your one (1) Culminating Reflection.

Bringing the hard copies of your Reflections to your presentation is like bringing a resume to an interview. If you do not bring the hard copies **you will not be able to earn points** in the Exemplars portion of the rubric.

You will be invited into your presentation room by a member of the evaluation team. Hand in your Reflections and log on to the computer.

You will then be asked to leave the room while the evaluation team takes about five minutes to read your Reflections and decide about which Exemplar Reflection they will ask you questions during your Defense. Please note that the questions will be about one of your five Exemplar Reflections, not about your Culminating Reflection.

The evaluation team will invite you back into the room for you to give your **eight-minute presentation** when you will tell your **story**.

After your eight-minute presentation, the evaluation team will begin the **Defense** (Question & Answer) portion of your presentation, which will be like an **interview**. The Defense portion will last up to **four minutes**.

- ✓ You will be asked about one of your Exemplar Reflections.
- ✓ You will be asked to clarify parts of your presentation to help you be more successful overall.

After the Defense, you will be asked to leave the room so that the evaluation team can determine your grade.

You will be invited back into the room and a member of the team will inform you of your

- ✓ Grade
- ✓ Areas of Strength
- ✓ Areas of Needed Improvement

If you would like a hard copy of your grade sheet, you need to contact Lisa Cole by e-mail at [lcole@soudertonsd.org](mailto:lcole@soudertonsd.org).
